The last thing you want to do when you're busy negotiating bends is worry about safety or style. And with these sports bikers' gems, you won't have to!

1 Touring gloves

The outer material is a mix of cool leather (Goatnappa) and Airguard® 500D. For maximum safety, the glove is preformed, sandwich padded and fitted with Keprotect® and 3M piping. The membrane is made of a Sympatex® Z-Liner.

2 Racing gloves

Durable goatskin, nappa and Suzuki branded PU piping on the outside, a sturdy knit/polyester/Kevlar® lining: with these hightech, preformed racing gloves complete with medium padding, protectors for the navicular bone and gel cushions, your hands stay optimally protected. And the stretch palms and thumbs, deep cuffs, suede fingertip applications, airvents and hook-and-loop size adjusters guarantee perfect fit, grip and comfort, too.

4 Leather touring gloves

Wrap safety around your little finger - and the other four, too! Thanks to their extra palm padding, preformed fingers and excellent fit, these genuine, lightweight leather touring gloves with a mix of Airguard® 500D and reflective Nyspan and a full Polyester lining offer all the protection, comfort and style you could ask for.

5 Touring jacket long **6 Sport touring jacket short**
 With Airguard® 500 D and two layers over all CE marked (EN1621-1 / EN1621-2) shoulder, elbow and back protectors, this double Dynax special complete with 3M Scotchline and same-coloured double stitching offers the outer shell you need for maximum safety - and the inner lining, too! While Suzuki-branded 210 T Taffeta and a high-grade Z-Liner membrane (100% waterproof and breathable) provide the basics for a comfortable ride, a two-vent front and rear air-control system and the attached Lorica® neck warmer (included only with 990F0-STEX1-Size and 990F0-STEX2-Size) set you up, whatever the weather. For a more individual fit, elbow protectors can be adjusted into one of two positions and stretch material along the inner arm and side promises comfort even on long tours. Team this gem up with Suzuki's touring pants (990F0-STEX4-Size) by means of the long connecting zipper for a perfectly comfortable ride - or use the short zipper to connect other manufacturers' garments.

9 Mesh jacket

Full speed ahead, but safety first: choose this verstaile mesh jacket with Airguard® 500D outer layer and mesh lining for its high safety performance, style and various special features. While the 3M Scotchlite, the coloured double stitching and the CE marked (EN1621-1/EN1621-2) protectors for your shoulders, elbows and back promise maximum safety, the specially developed comfort collar system, the high-grade detachable Z-Liner membrane (100% waterproof and breathable) and the long connecting zipper for the touring pant (990F0-STEX4-Size) and the short zipper for other manufacturers' garments make for a perfectly comfortable ride.

10 Touring pants

Similar to the touring jacket, the Suzuki touring pants promise nothing but comfort and safety. From the Airguard® 500D outer shell, complete with adjustable Dynax-padded, CE marked (EN1621-1) knee protectors, 3M Scotchline features, coloured double stitching and an Alcantara® seat patch for more grip to the Suzuki-branded 210 T Taffeta lining and high-grade Z-Liner membrane (100% waterproof and breathable), this touring all-rounder truly leaves nothing to be desired, come rain or shine. While the two-vent front air-control system and stretch material across the groin and knees lets you balance out all climates, the special long zipper lets you connect your touring jacket (990F0-STEX1-Size / 990F0-STEX2-Size) and your sport jacket (990F0-STEX3-Size) - or jackets from other manufacturers via the short zipper.

11 Suzuki GSX-R one-piece racing leathers*

Multi-tasking, Suzuki-style: made of 1.2 to 1.4 mm thick cowhide, these exclusive Suzuki racing leathers' elastic inserts in the leg, groin and shoulder regions as well as front and rear airflow system are sure to keep you comfortable. At the same time, safety seams and detachable SaS-Tec-CE protectors on elbows, knees, shoulders and back, along with the carbon fibre applications on the shoulders, elbows and knees provide you with ample protection. Lastly, the leathers also offer you all the advantages of their aerodynamic back hump. Now who said doing more than one thing at a time wasn't possible?
